

PROVIDER DIRECTORY

March 2024

At NetCare Life & Health, we believe it takes a three-way partnership between us, our participating providers, and our members, to make sure you receive the best health-care available.

Choosing a medical provider is a personal decision, and we believe that choice is yours to make. This directory is designed to help you find a professional healthcare provider you can trust to meet your needs on a day-to-day basis.

Providers listed in this directory are subject to change without notice. Providers may enter or leave our network at any time. Before you visit a doctor be sure they are a current participating provider, and they accept the plan or network noted on your NetCare member ID card.

NetCare partners with, Optum Rx, one of the nation’s largest Pharmacy Benefit Managers (PBM) to give NetCare members prescriptions savings throughout Guam, CNMI and the U.S. Mainland.

NetCare has established a strategic partnership with UnitedHealthcare to provide NetCare members who travel to U.S.A. for business or vacation with access to UHC provider network that are available through a single call to NetCare office. UHC immediately connects you to doctors, hospitals, pharmacies, and other services if you experience a medical emergency while traveling out of Guam.
